Tray sealer

Acheron 1000

Olsen & Kael

"Order in motion"

MAP
/próżnia (MAP)

SKIN
/próżnia (SKIN)

Servo-driven motion
/Napędy serwosilnikowe

Integrated Software 4.0
/Oprogramowanie 4.0

Automatic tray sealer designed for industrial production and packaging lines.

Features
/Funkcje

- Seals with heat-sealable film and works with vacuum and modified atmosphere (MAP/SKIN) via gas injection, extending product shelf life.
- Features touch-screen control, uniform sealing, perimeter film cutting and integrated safety systems.

Data table /Tabela danych

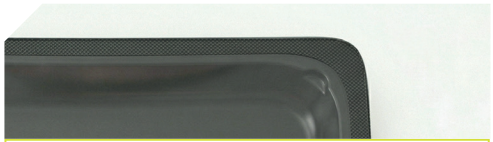

Values in mm (H × W × L) and kg; exceptions marked (x)

	Acheron 1000
Height	1795
Width	945
Length	3715
Weight	1380-1450
Max. film width	300-320
Max. film roll diameter	210-230
Cycles per minute	up to 12
Gas replacement rate (%)	98-99,5%
Max. tray size	350x810
Voltage (v/hz)	380/50 3ph
Air pressure (MPa)	0.6~0.8
