Tray sealer

Acheron 500

Olsen & Kael

"Order in motion"

Automatic tray sealer designed for industrial production and packaging lines.

Features
/Funkcje

- Seals with heat-sealable film and works with vacuum and modified atmosphere (MAP/SKIN) via gas injection, extending product shelf life.

- Features touch-screen control, uniform sealing, perimeter film cutting and integrated safety systems.

Data table /Tabela danych

Values in mm (H × W × L) and kg; exceptions marked (x)

	Acheron 500
Height	1700
Width	997
Length	2940
Weight	800
Max. film width	430
Max. film roll diameter	290 a 310 mm
Cycles per minute	12
Gas replacement rate	98%-99,5%
Gas dosing accuracy	±2%
Voltage (v/hz)	380/50
Air pressure (MPa)	0.6~0.8
