Flow pack

Elytra 450

Olsen & Kael

"Order in motion"

Horizontal flow pack machine designed to bag products automatically on food and industrial production lines. Ensures a continuous process, uniform packs and labour savings.

Features
/Funkcje

- Independent PID temperature control (longitudinal and transverse) to suit any film.
- PLC control and 3 servo motors ensuring precision, stability

Pillow format
/Opak. pillow

Digital photoelectric tracking
/Cyfrowe śledzenie fotoelektryczne

Intuitive interface with self-diagnostics
/Automatyczny nawijak folii

Data table /Tabela danych

Values in mm (H × W × L) and kg; exceptions marked (x)

	350	450	600	900
Height	900	1270	1270	1288
Width	871	980	1130	1275
Length	3665	4000	4440	4600
Voltage (v/hz)		220V/50-60		
Max. film width	350	450	600	900
Weight	560	700	750	750
Power		3.35 kW		
Packing speed (bags/min)	40-200	30-160	40-200	15-20
Max. product height	50	60	80	150
Bag width	50-160	50-180	100-280	400
Bag length	100	120	120	120

Specifications /Dane techniczne

Rotary jaws
/Szczęki obrotowe

Upper film closure
/Zgrzew górny folii

Choice of finishes /Wykończenia

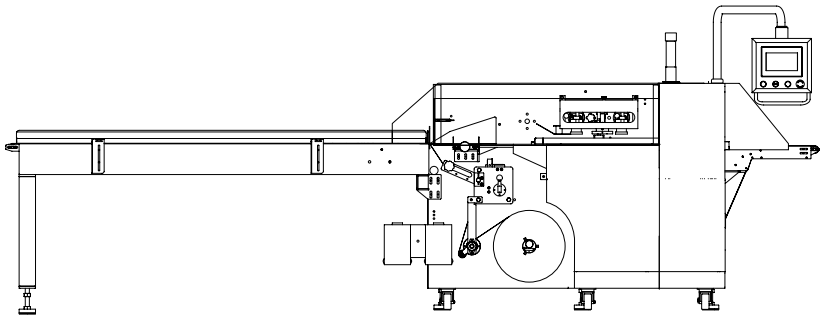

Carbon steel | **Stainless steel**

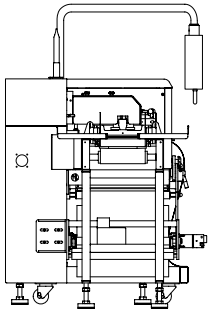

Chain | **Belt**

Safety sensors with emergency stop and visual and audible alarm system.
