Flow pack

Mantis 600

Olsen & Kael

"Order in motion"

Horizontal flow pack machine designed to bag products automatically on food and industrial production lines. Ensures a continuous process, uniform packs and labour savings.

Features
/Funkcje

- Independent PID temperature control (longitudinal and transverse) to suit any film.
- PLC control and 3 servo motors ensuring precision, stability

Pillow format
/Opak. pillow

Digital photoelectric tracking
/Cyfrowe śledzenie fotoelektryczne

Intuitive interface with self-diagnostics
/Automatyczny nawijak folii

Data table /Tabela danych

Values in mm (H × W × L) and kg; exceptions marked (x)

	350	450	600
Height	1450	1740	1750
Width	770	1013	1160
Length	4020	3936	4100
Voltage (v/hz)		220V/60	
Max. film width	350	450	600
Weight	580	650	680
Power		4.15 kW	
Packing speed (bags/min)	40-60	30-60	20-150
Max. product height	60	80	80
Bag width	50-160	50-210	50-190
Bag length	650	650	650

Specifications /Dane techniczne

Rotary jaws
/Szczęki obrotowe

Upper film closure
/Zgrzew górny folii

Choice of finishes /Wykończenia

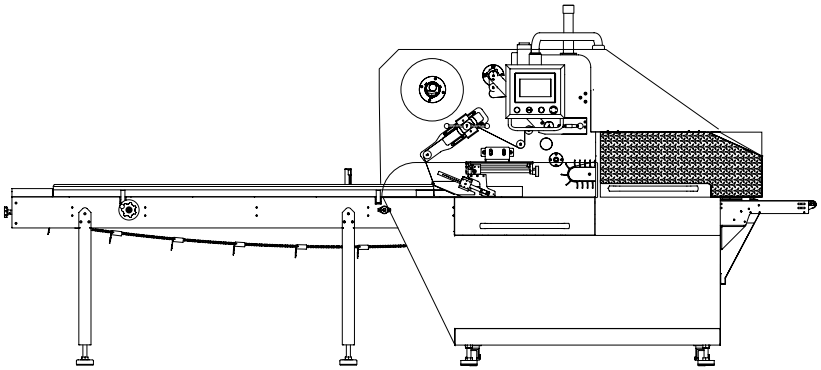

Carbon steel | **Stainless steel**

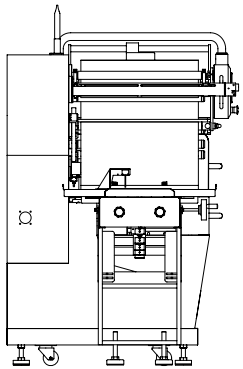

Chain | **Belt**

Safety sensors with emergency stop and visual and audible alarm system.
