Double packer

Neska Duo Auto

Olsen & Kael

"Order in motion"

Automatic double-chamber vacuum packer designed to maximise productivity in industrial environments. Alternating operation allows continuous cycles, ensuring speed and efficiency.

Features

/Funkcje

- Built in stainless steel, it offers reliable, durable sealing, ideal for preserving meat, fish and all kinds of food at top quality.
- Automatic operation

Vacuum bag

/Worek próżniowy

Busch vacuum pump

/Pompa próżniowa Busch

Intuitive digital control

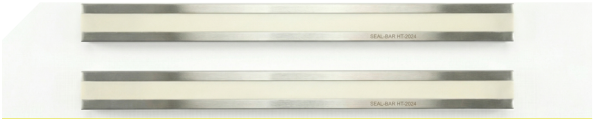

/Przyjazny interfejs

Data table /Tabela danych

Values in mm (H × W × L) and kg; exceptions marked (x)

	Duo A-800
Height (mm)	1080
Width (mm)	900
Length (mm)	2120
Weight (kg)	680
Voltage (V/Hz)	380/50
Max. vacuum (kPa)	1
Seal width (mm)	800
Distance between bars (mm)	630
Pump capacity (m^3/h)	200/360 Busch
Chamber dimensions (mm)	1080x790x200

Specifications /Dane techniczne

Precise double-bar sealing
/Precyzyjny podwójny zgrzew
