Double packer

Neska Duo 800

Olsen & Kael

"Order in motion"

Double-chamber vacuum packer designed to maximise productivity in industrial environments. Alternating operation allows continuous cycles, ensuring speed and efficiency.

Features
/Funkcje

- Built in stainless steel, it offers reliable, durable sealing, ideal for preserving meat, fish and all kinds of food at top quality.

Vacuum bag
/Worek próżniowy

Busch vacuum pump
/Pompa próżniowa Busch

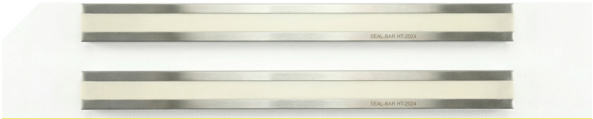

Intuitive digital control
/Przyjazny interfejs

Data table /Tabela danych

Values in mm (H × W × L) and kg; exceptions marked (x)

	Duo 500	Duo 700	Duo 800
Height (mm)	1000	1000	1000
Width (mm)	740	840	840
Length (mm)	1380	1740	1935
Weight (kg)	280	350	400
Voltage (V/Hz)		380/50	
Max. vacuum (kPa)		1	
Seal width (mm)	500	700	800
Bar spacing (mm)	425	520	635
Pump capacity (m^3/h)	64-100	100-160	100-160
Chamber dimensions (mm)	700x540x160	900x640x160	1080x790x160

Specifications /Dane techniczne

Precise double-bar sealing
/Precyzyjny podwójny zgrzew

Schneider Electric
