Tray sealer

Vesta Compact

Olsen & Kael

"Order in motion"

Semi-automatic industrial tray sealer for professional food packaging in trays with heat-sealable film.

Features
/Funkcje

- Works with modified atmosphere (MAP), vacuum and inert gas, ensuring longer preservation and better product presentation.
- Designed for medium-scale production, it offers versatility, uniform sealing, perimeter film cutting and all safety systems.

vacuum (MAP)
/próżnia (MAP)

Automatic tray feeding
/Automat. podajnik tacek

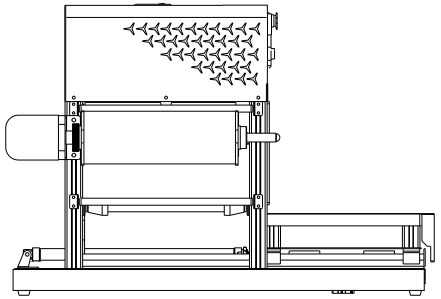

Automatic film rewinder
/Automatyczny nawijak folii

Data table /Tabela danych

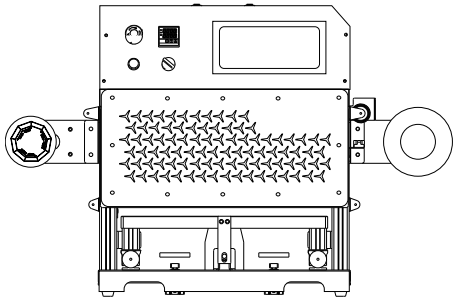

Values in mm (H × W × L) and kg; exceptions marked (x)

	Compact
Height (mm)	525
Width (mm)	555
Length (mm)	715
Weight (kg)	95-105
Max. film width (mm)	350-370
Max. film roll diameter (mm)	190-210
Cycles per minute	5-6
Gas replacement rate (%)	98-99,5
Gas dosing accuracy (%)	±2
Voltage (v/hz)	380/50
Air pressure (MPa)	0.6~0.8
Max. tray size (mm)	380x260
