Vulkan 50

L-sealer

Olsen & Kael

"Order in motion"

Vulkan automatic sealers wrap products in shrink film with L-type sealing and cutting, ensuring fast, uniform, high-quality packaging.

Features
/Funkcje

- Designed to integrate into lines with a shrink tunnel, they automate the process, reduce film waste and improve productivity across many industrial sectors.

Second skin
/Ciasne owinięcie

Quick multi-size adjustment
/Szybkie dopasowanie do formatów

Precise thermal control
/Precyzyjna termoregulacja

Data table /Tabela danych

Values in mm (H × W × L) and kg; exceptions marked (x)

	50	60	90
Height	1583	1451	1636
Width	830	887	1048
Length	1774	1711	2314
Voltage (v/hz)		220V/50-60	
Max. load	0-20	0-15	0-20
Weight	400	300	635
Power (kW)	1.8	1.3	2.5
Packing speed (pcs/min)		0-30	
Seal diameter	500x400	550x400	550x740
Max. film width	550	550	720

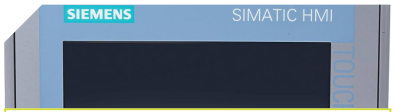

Specifications /Dane techniczne

Compatible with POF/PVC film

Stable conveying
/Stabilny transport

Touch screen
/Ekran dotykowy

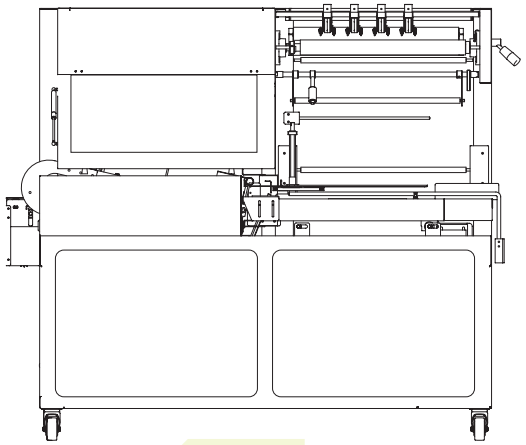

PLC control
/Sterownik PLC

Choice of finishes /Wykończenia

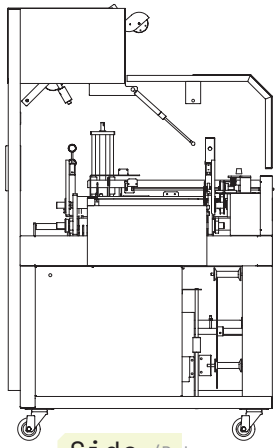

Carbon steel | **Stainless steel**
